Reading Chart

Each line of this READING CHART is an example of newsprint magnified at the given power. Read this chart at a distance of 10 to 15 inches from your eyes. Whatever line you read comfortably is the magnification you need for a magnifier. The magnification power is listed to the right.

**Reading Requires**

**Adequate Lighting and Magnification.**

A magnifier should allow you to read your mail.

This print is similar to small headlines.

Congratulations! You are now reading small print.
Fortifeye™ Complete Macular Defense vitamins are the newest, most advanced nutraceuticals for your eyes and body, which provide purified Natural Ingredients for vision support. Superior Taste. No Unpleasant Odor. Unsurpassed Purity (Triple Molecular Distillation). Pharmaceutical Grade!

Dosage: 2 softgel/day. 60 softgels/box.

*Please Note: These vitamins are non-returnable if the packaging is opened and the seal on the bottle is broken.
ESCHENBACH

LED POCKET MAGNIFIERS

Eschenbach Optik is pleased to introduce the brightest light source available for illuminated pocket magnifiers! Brighter illumination enhances contrast and reduces required magnification. These pocket magnifiers are of the highest quality with the design coming straight from the finest of German Optics Manufacturing. The LED bulbs last up to 100,000 hours and only use two AA batteries (not included.) You may use a yellow filter over the bulb for a more traditional lighting experience. The magnifier also comes with a blue cover to protect your necessary investment.

ESCHENBACH

LED STAND MAGNIFIERS

Doctor Recommended! Eschenbach’s LED (light emitting diode) illumination provides an alternative light source preferred by many people due to its distinctly whiter spectrum. The stand makes for easy reading without holding the magnifier. In addition to the bulbs offering nearly unlimited life, the batteries last 5 times as long as when used with incandescent bulbs! These features provide lower usage costs! To soften the color of the light a small yellow filter is included. Requires 2 C Batteries (not included).

ESCHENBACH

ILLUMINATED POCKET MAGNIFIERS

Eschenbach Illuminated Hand Magnifiers provide magnification and illumination for everyday tasks. They are ideal for in-home uses such as looking up a phone number, setting the thermostat or reading the prescription on a medicine bottle. Portability makes it useful for spotting a price in the supermarket, reading the menu in a dimly lit restaurant or looking at a map in the car. The magnifiers on this page use standard incandescent lighting. Requires 2 AA Batteries (not included).

ESCHENBACH

ILLUMINATED STAND MAGNIFIERS

Eschenbach Illuminated Stand Magnifiers are a great in-home tool. These magnifiers are designed to lay on top of the material you are reading. Particularly suitable for customers who do not want to hold their magnifiers or have shaking due to Parkinson’s. These Illuminated Stand Magnifiers have large, non-slip power switches for easy convenience. The light-colored material and closed magnifier body guarantee optimum illumination of your reading material. Requires 2 C batteries for illumination. (not included)

LED Illuminated Magnifiers

SUPER MAG
Hand Held Stand Magnifiers

Don’t let your vision impairment get in the way of doing what you love! High quality LED Illuminated Hand Held Stand Magnifiers are easy to hold and keep steady because they are placed directly on the reading material. Illumination makes magnifiers even more effective for crystal clear viewing. Use your illuminated stand magnifier for any task in which magnification can assist. The viewing area on the 3X/8D has a tilt ability on the magnifying lens for reading comfort. The LED bulb is rated at 100,000 hours and requires 3 AA batteries (not included).

SUPER MAG
Pocket Magnifiers

These LED Illuminated Pocket Magnifiers are the finest in the industry and are a must-have for anyone with reduced vision. Use the magnifier on newsprint, books, magazines or photos for crystal clear viewing. The LED bulb provides extra light when necessary and never needs replacement. The magnifier can be comfortably used at home or tucked into purse or briefcase for on-the-go magnification. Pocket magnifiers really come in handy for those long trips! The magnifier comes in its own soft vinyl drawstring carry case and storage/gift box. Uses 3 AAA batteries (not included).

5.7X Bright Field Dome Magnifier 3 Inches
This is an outstanding magnifier because it provides high power, 5.7X magnification and a large 3 inch viewing surface with very good ambient light-gathering properties.

#454427 $49.95

3.5X Walters Bar Magnifier 8.25 Inches
An extra wide and exceptionally strong bar magnifier that lets the reader see at least 2 lines of print under the lens.

#104002 $49.95

2X Bausch & Lomb Bar Magnifier 5.25 Inches
The 5.25 inch bar, 2X magnifier, slides over print, making the letters twice as high. Magnifies 2 lines of type at one time and has an easy-grip handle for moving the bar.

#106210 $7.95

3.5X Bright Field Dome Magnifier
Frameless, high quality acrylic large magnifying dome. Because it has no frame, a maximum amount of light is transmitted onto the reading surface. Carrying bag included. 3.7 inch diameter.

#906308 $39.95

2X Large Bar Magnifier 9 inches
This high quality clear acrylic reading magnifier is extra wide (1.5 inches) by 9 inches long. It enables you to see several lines of print as you move the magnifier down the page.

#104016 $12.95

2X Mini Bar Magnifier with Pocket Clip
If you need magnification for reading and you're an on-the-go, always-busy kind of person, then this bar magnifier is for you. It offers 2x magnification, doubling the size of print and other reading materials. A black tab handle lets you hold the magnifier without touching the lens. When it’s not in use, gently squeeze the tab handle to fold it back and use it as a pocket clip for easy carrying. Durable, acrylic lens measures 4” long and 1” wide.

#609036 $5.95

2X Bar Magnifier with Color Guide
This magnifier magnifies 2 times the print size. Its guiding line assists in keeping the bar straight when sliding it down a page and highlights the line you are reading.

**OptiVISOR Binocular Visor**
The highest quality optical glass lenses are mounted into a frame on a comfortable headband that can be tilted out of the way when magnification is not needed. Designed for close work, either reading, writing or crafting projects. They can be worn over glasses or alone. Note that the stronger the magnifier, the closer the reading matter must be held to be in focus.

**Magnifying Mirror with Light**
The highest magnification mirror, with the best quality optics we have seen. The mirror measures 6.5 inches and can be folded flat for portability. It uses electricity eliminating the need for batteries.

- #454490 10X $49.95
- #456106 12X $49.95

**DoubleVision 10X & 5X Magnifying Mirror with Suction Cups**
Two mirrors are connected by a removable 11.75 inch flexible arm. One is 5X, the other 10X magnification. When one mirror is being used, the other serves as the base. Or, there is a slide-on bracket with specially designed super hold suction cups that lets the user remove one mirror, install the bracket and attach the mirror to the wall or mirror. Each mirror measures 6.25 inches in diameter.

- #454481 $29.95

**OttLite 5X & 1X Magnifying Mirror**
Bring the accuracy and beauty of OttLite natural lighting indoors to help you apply makeup flawlessly for a confident look with no surprises once you go outside. The secret to the OttLite Makeup mirror is the precise blend of light wavelengths. Colors are true and vibrant. Details are incredibly clear for a fresh, beautiful look every time.

- #41003 5X $79.95

**7X Suction Cup Magnifying Mirror**
You can stick this high powered (7X) magnifying mirror onto any smooth surface, including your bathroom vanity mirror, or it can be hung on the wall. Size 5.75 inches.

- #456108 $19.95

**5X Magnifying Mirror**
One of our most popular mirrors, because it provides excellent magnification. Has a 4 inch diameter mirror and can be rotated to point in any direction. Stands on its weighted base or can be mounted on a wall.

- #454467 $24.95

**8X & 3X Double Vanity Magnifying Mirror**
Not only is this a powerful 8X magnifying mirror, but it is exceptionally attractive. The 3X side magnifies enough to have a look at the entire area, then you can pivot the mirror on its base for a closer view with the 8X mirror. The large 5.75 inch mirror has a frosted white frame. Size 6.75 inches.

- #456112 $24.95
“With the correct low vision aids, you can learn to cope with your vision loss... If the vision loss is severe; you should consider purchasing a video magnifier such as the Optelec Clearview+.”

Lynne Noon, OD, FAAO
Diplomat in Low Vision Rehabilitation

The MultiView provides a flexible and stable 3-in-1. Camera is mounted on a short arm above the monitor providing generous space beneath for focusing on a wide range of activities including reading, writing, crafts, modeling, needlework, embroidery, home electrics, painting and drawing. Alternatively, tilt and rotate the camera for self-viewing or for focusing around the room. Key benefits: Continuous zoom magnification: up to 90 times magnification. Flexible and stable camera head (tilt-and-swivel) for desktop, distance and self-viewing. Camera arm reach allows left and right-handed use. Ergonomic camera position. Transportable and simple to set-up. Ultra-slim, movable reading table. Minimal desk space needed. Auto-focus with focus lock.

User-friendly control panel with large buttons. 19-inch full color TFT wide screen. Multiple viewing modes. Optional Carrying Case.

Specifications:
- Dimensions: 55x44x20 cm.
- Weight: 14.9 kg with carrying case.

Deskmate #20069 $2,395.00
Deskmate Plus #911239 $2,695.00

Presto 15-Inch LCD Auto Focus Desktop Video Magnifier

The Presto features a stylish, single, integrated 15" color LCD flat panel. The auto focus zoom magnification accommodates the visual needs of most people with age related macular degeneration, diabetic retinopathy, glaucoma, cataracts, RP, or other low vision conditions. Extended 16" x 12" travel x-y moveable table allows independent vertical and horizontal sliding. Press a button to increase or decrease magnification, change enhancement level, or select Color, B/W or Reverse image. Read your mail, browse magazines, read prescription bottles, view photos, sign your checks and greeting cards, address envelopes, read recipes and food labels. No assembly required.

Features - 2.5x to 40x magnification. Simple 4-button front control panel. Eye-level low profile display. Non-glare LED lights. One Year Manufacturer's Warranty.

#269591 $2,495.00

Clarity PCMate

The Clarity PCMate is the perfect product for those who are really on the go! Now you can connect your Clarity to your laptop directly. There is no need for a power outlet. The PCMate comes with the Clarity Capture software which allows you to capture an image and use a split screen without the need for any accessories such as a battery or separate monitor. The PCMate gets its power through the USB connection. It is extremely portable and will only use a small percentage of your laptop’s battery life (approximately 4% of a 72 watt hour battery). If you need magnification on the go while using your laptop then the PCMate is for you. No extra cords or battery needed -- just plug and play! Whether you are a student or on a business trip, the PCMate gives you the portability and the ease of connectivity to allow you to view whatever you need at a moment’s notice. Lifetime Manufacturer’s Warranty!

1. **SolarShield Polarized Gray Filter**
   - The gray polarized lens provides true color representation, which is ideal for outdoor use as the polarization eliminates reflective glare. It blocks 100% UVA/UVB light and 100% visible light up to 400nm.
   - Large: #24150 $49.95
   - Medium: #27101 $49.95
   - Small: #25150 $49.95

2. **SolarShield Polarized Orange Filter**
   - The orange polycarbonate lens provides medium range blue light filtering, which is ideal for contrast enhancement and improves visual acuity. It blocks 100% UVA/UVB light and 100% visible light up to 521nm.
   - Large: #24354 $49.95
   - Medium: #27104 $49.95
   - Small: #25354 $49.95

3. **SolarShield Polarized Yellow Filter**
   - The yellow polycarbonate lens provides moderate blue light filtering, which is ideal for reading and watching television. It blocks 100% UVA/UVB light and 100% visible light up to 450nm.
   - Large: #24357 $49.95
   - Medium: #27103 $49.95
   - Small: #25357 $49.95

4. **SolarShield Polarized Amber Filter**
   - The amber polycarbonate lens provides medium range blue light filtering, which is ideal for contrast enhancement and improves visual acuity. It blocks 100% UVA/UVB light and 100% visible light up to 511nm.
   - Large: #24353 $49.95
   - Medium: #27102 $49.95
   - Small: #25353 $49.95

5. **SolarShield Polarized Plum Filter**

### Actual Sizes

- Transparent
- Black
- White
- Orange

### Variety Texture, Color and Size Round Stick-Ons 138 pieces

Included are 2 sheets each of 23 brown felt, 28 green velour and 18 cork round stick ons. The large stick-ons measure 1/2"; the small ones 1/4" in diameter. They can be tactually differentiated by size and surface texture.

**#730175** $5.95

### HI MARK™ Tactile Pens

New and improved 3-D writing tool creates raised lines and dots.

- **White** #205377 $3.95
- **Black** #205378 $3.95
- **Orange** #459300 $3.95

### Mixed Bump Dots

Eight different types of sizes and colors all in one package. Use for tactile marking of everyday items such as computer keyboards, telephone keypads, multiple switches and more.

In homes or offices with both blind and sighted people, use the clear dots so the view of keypad displays aren't obscured. For those with low vision, use black dots on a white background (and vice versa) or the fluorescent orange dots on patterned or darker backgrounds. 10 of each style for a total of 80 pieces.

**#203269** $7.99

### Touch Dots - Orange

Tactile, adhesive backed dots. Decrease errors and increase productivity. 64 dots per pkg. 1/4" D.

**#65448** $1.19

Computer Euro Style Lap Desk
This Lap Desk combines attractive contoured styling with ergonomic design. The desk surface, large enough to accommodate wireless keyboards and laptop computers, offers a comfortable built-in, neoprene-covered wrist rest. A mouse pad on each side. Comfortable dual Microbead pads incline the lap desk slightly towards you providing a better working angle, while at the same time creating an air channel to divert heat away, keeping your lap cooler. Heat build up is also reduced by the unique LapShield Heat Barrier. Built-in carry handle.
Color: Black. Size 22-3/8" x 15-3/4" x 2"-1/2".
#204549 $29.95

Euro Wooden Lap Desk with Storage
All Wooden Lap Desk. Attached with removable hook and loop closures is a comfortable, squishy, soft pillow that is filled with foam beads to accommodate your lap. The pillow can be removed from the desk and dry cleaned if desired. The lap desk is stained with a rich cherry finish and comes with a built-in carry handle as well as two built-in storage bays. These bays have finger wells that allow easy lifting of the lids and hidden magnets that secure bay lids so your pencils, pens and erasers don't scatter everywhere when the lap desk is turned on its side for storage. Great for home, office and travel.
Product dimensions: 14.75 inch H x 22.5 inch L x 3 inch W
#45077 $37.50

Jumbo Lap Desk
This has a tapered bottom, which provides an excellent angle for working. Includes 2 pencil trays and a built in clip holder to secure working materials. The base is filled with micro beads. This lap desk weighs just 2 lbs, 2.1 ounces and measures 18.875" x 14.5" x 2.625" with a built in carry handle for easy carrying. Made of sturdy plastic. Color: Black
#45104 $19.95

Posture - Rite Lap Desk
A portable, adjustable lap desk, ideal for bed and wheelchair patients. Scientifically designed, lightweight, wedge-shaped cushion is filled with foam beads. Non-glare, wipe clean, plastic laminated surface provides a comfortable reading, writing or eating surface. Conforms to any lap and adjusts from flat to a 20 degree angle. Top size: 15.5 x 13.25 inches. Weighs only 20 ounces.
#624727 $25.95

Computer Lap Desk
This portable, ergonomic lap desk lets you use your computer's keyboard or laptop in a comfortable seated position. Sturdy molded black plastic board includes gray non-skid surface. Poly bead stuffed non-removable pillow on the bottom of the board conforms to your lap. Poly bead stuffed non-removable wrist rest offers relief for hours of keying. Built-in handle for easy carrying. Weight: 2.5lbs (keyboard/laptop not included). Size: 18.875" x 14.625" x 3.75".
#45097 $19.95

Old School Mahogany Wooden Lap Desk
Replicates the utilitarian beauty of an old school desk, enhanced by richly stained wood. Brass hinged lid reveals plenty of storage space. Both internal sections are lined in protective green felt. The bottom is a non-removable foam bead filled pillow, providing solid support for your lap desk and comfort for your lap. Solid wood. Weight: almost five pounds. Size: 13 7/8 x 7-5/8 x 3-1/2.
#45075 $59.95

Classic Mahogany Wood Lap Desk
At home or the office, this lap desk is a portable writing tool that lets you work from your favorite chair. Writing letters, paying bills or doing a crossword, the soft, comfortable fabric bottom conforms to your lap for stability and comfort while the polished wood top compliments any décor. Weight: 5 lbs. Size: 13.5" x 19" x 3.5".
#45074 $33.95

**Superior Talking Scale**

This talking scale towers head and shoulders over every other scale we've tried. Accurate to within 1% of actual weight, it weighs up to 400 lbs (or 200 kg) in .2 lb increments. Speaks in a clear, audible voice and its digital readout is very large. The ample 14.5 X 11 inch platform is ridged and textured to prevent you from slipping even while you jump for joy when your diet pays off. Operates on 4 AA batteries (included).

#756900 $63.95 English  
#756550 $63.95 Spanish

**Phoenix Talking Bathroom Scale**

The Phoenix Talking Scale is a well proven precision talking bathroom scale, which uses strain gauge technology to be incredibly accurate and precise. Easy to use and has a modern style that will look good in any bathroom. The talking feature can be turned on or off. Perfect for anyone with poor eyesight, or for those mornings when your eyes are a bit fuzzy. Automatically turns on when you step on the scale (step & weigh) Pleasant, easy to hear voice commands. Easy to use and program. Extra large digital display. Scuff resistant matte foot pads. Reads in pounds & kilograms, accurate within 1% of actual weight. Weight Capacity: 330 lb (150 kg). Operates on one 9 volt battery (included).

#756700 $63.95

**Phoenix Talking Body Fat Scale**

Extra large, sturdy platform makes it easy to stand on for people of any size. Uses strain gauge technology to be incredibly accurate and precise. Talking feature can be turned on or off. Perfect for anyone with poor eyesight. Well-suited to every personal weighing need. (NOTE - this model does not have our 'step n weigh' feature - to turn it on you must press a button - which can be done with your foot). Extra large LCD display is designed for easy reading. Accurate for people of all weights - so whether you weigh 40lbs or 400lbs these scales have been designed for your needs. 10 User Memory personal data storage works in both weigh only and body fat modes. Easy to use and program. Pleasant, easy to hear voice commands in clear English. Reads in pounds & kilograms accurate within 1% of actual weight. Weight Capacity: 440 lb (200 kg). Requires 4 AAA batteries (included).

#756750 $69.95

**Autodrop Eye Drop Dispenser**

Developed in collaboration with the Royal National Institute for the Blind, Autodrop helps solve the problems encountered by many who involuntarily blink or who sometimes just miss the eye. Simply clip the Autodrop to the top of the eye drop container, after removing the cap. Autodrop fits right over the eye, and a special lip holds the lower lid down to prevent blinking, while insuring that the eye drops are delivered to the lower part of the eye. Non-returnable.

#089733 $5.95

**Talking Clinical Thermometer with Large LCD Display**

Gently insert this small infrared ear thermometer into your ear. In about one second a pleasant lady's voice speaks your temperature in either Centigrade or Fahrenheit degrees. It stores up to 30 previous temperature readings. Between 96.7 and 102.2 degrees F, it is accurate within +/- 0.4 degrees and between 95.0 - 96.6 and 102.3 - 108.8, it is accurate to within +/- 0.5 degrees. Measures 1.4" x 1.0" x 4.7" and uses a CR2032 battery (included).

#1518120 $34.95

Chess and Checker Board Set

A beautifully made plastic board in brightly contrasting black and white for easy visibility. The white sections are lower than the black to provide tactual differentiation and to form a pocket for the checkers to sit in. Holes in each square allow the pegs in the chess pieces to be inserted. Red and black checkers are shaped differently as are the black and white chess pieces.

#375000 $39.95

Gigantic Laminated Bingo Cards

Measuring 11 x 17 inches with extra large 2 inch black numbers against a white background. Can be used as novelty place-mats. 1 card to a pack.

#118746 $3.95

Deluxe Uno Game

Bright, bold colors and large letters and numbers make the cards in this old favorite easily visible. Set comes in a rigid cardboard container, the bottom of which doubles as a card tray. Includes a score pad. For ages 7 and up.

#817346 $13.95

Deluxe Low Vision 60th Anniversary Scrabble

Celebrate 60 years of winning words. An update to America's favorite word game, the Deluxe Low Vision 60th Anniversary Scrabble features a colorful rotating game board that allows each player to see the letters upright and comes with a convenient carrying case. The standard size tiles are imprinted with large (nearly 1/2 inch) bold letters and easy to see numerical values. The raised-grid style of the board guarantees that your words won’t slip or slide out of place. While you are puzzling over how to use a Q without U, you can organize your tiles on a curved tile rack that provides an optimum view of each letter. Store the game pieces in two built-in side trays.

Size: 3.5” x 15.75” x 10.5”. Weight: 4 lbs.

#820060 $49.95

Tic-Tac-Toe

Solid 8 inch square wood board, with recessed squares to securely hold the Xs and Os. Pieces are easy to grasp and move.

#300175 $15.95

**Bold Print 2 Cup Measuring Cup**

Made of high impact clear plastic with a 2 cup capacity. Bold black numbers are printed in ounces, ML and cup measurements starting with 1/4 cup, etc. Numbers in ounces and ML measure approx. 3/16" of an inch. Numbers in cup measures approx. 1/4" stenciled in black casing.

#5519684  $3.95

**Colossal Long Ring Timer**

The Colossal face is a full 9 inches in diameter, with tactual numbers that are 1-inch high. Every five minute interval is marked with a raised line, and it has the longest ring of any timer we've seen anywhere. It can be mounted on a wall, rest flat on a table or kitchen counter and can stand upright on its own detachable base. Use it anywhere - we've built in everything but the kitchen sink, but this timer's not just for use in the kitchen.

#790791  $19.95

**Talking Digital Cooking Thermometer**

The only universal Talking Digital Thermometer with a clear female voice. Apply tip of probe to substance to be tested and get voice reading in a few seconds. Temperature ranges from -4F to +248F. Easy to use. Size: Length 9 1/2" & Probe length 5". Operates on 1 CR2032 Lithium Battery (included). Useful when cooking and to check the bath water.

#300161  $29.95

**Talking Kitchen Scale**

The VOX 3000 is a talking kitchen scale that makes weighing extremely easy. As you are using the scale it announces the weight. This makes using the scale a breeze - you don't have to look down at the display to know what the weight of the item is. It uses strain gauge technology to be incredibly accurate and precise. The talking feature can be turned on or off (for those times you may not want to hear it). This scale is perfect for anyone with poor eyesight, or for those mornings when your eyes are a bit fuzzy. Features: Large, easy to read display. Pleasant, easy to hear English voice commands. Voice feature can be turned on or off. Beautiful, modern design. Stainless Steel weighing tray. Large acrylic bowl included. Reads & Speaks in Grams or Ounce(LB) mode. Last Unit memory Removable Bowl - scale can be operated with or without the bowl, and you can use any standard household bowl instead.

#756004  $45.95

**Low Vision**

**Easy-Grip Black and White Cutting Board**

This heavy-duty white board reverses to black and is so solid in construction we guarantee it for life! Polyboard is odorless, sanitary, unbreakable and resists scratching. Will not dull knives. Built-in handle lets you carry it from counter to table to stove. Measures 9-5/8" X 15".

#13225  $19.95
Duxbury Braille Translator Version 10.7 (Windows)
This program makes it easy to produce Braille for textbooks, letters, ADA-compliant signs, and more. Duxbury is the industry standard for Braille translation. The program creates documents in Grade 1 and Grade 2 American Braille as well as several other foreign language formats. The easy-to-use menu works well with most speech outputs and refreshable Braille displays. The program includes the Duxbury Braille Font, which lets you print simulated Braille using most ink printers. System Requirements: Windows: 8 Mb available hard drive space; Microsoft Windows version 95, 98, NT, 2000, XP, Vista, 7 DOS: MS - DOS version 5.0 or higher, or equivalent operating system. 5 Seat License $2595.00 and 10 Seat License $4495.00.

#200696  $595.00 (Single License)

Perkins Brailler
Perkins Braillers are the world's standard for Brailling excellence. Featuring adjustable margin stops, they will accommodate paper up to fourteen inches long, and have large paper feed knobs. They will emboss 25 lines with 42 cells on a standard 11" x 11-1/2" sheet of Braille paper. Requires 15" of desk space.

ZoomText Screen Magnification Software

ZoomText Express Screen Magnifier (Basic)
ZoomText Express is an affordable screen magnifier designed for those who squint at the computer screen and lean in to read the fine print. It provides a gentle boost of magnification (up to 2 times) so that hard to read text is larger, clearer and easier to see. You can also apply a soft tint to white areas of the screen or reverse all colors to eliminate that familiar blinding glare. Have trouble finding the mouse pointer and text cursor? ZoomText Express lets you adjust the size and color of the pointer and apply eye-catching locators to the cursor making them easy to see and follow. With the versatile features of ZoomText Express, you can now enjoy using your computer with deserved comfort and ease. Features: 4 magnification levels up to 2x. Adjustable pointer size and color. High-contrast cursor locators. Reverse color and tint for reduced glare.

ZoomText Magnifier (Standard)
Latest version of the screen magnification program that works with all Windows applications and lets you enlarge text from 1X to 36X. Advanced features let you configure the screen to your own standards. You can choose your own magnification level, font, zoom window, color enhancement and more. ZoomText comes with an advanced document reader that highlights each word in the document to facilitate reading. Comes with an online help system and large print documentation. We Cannot Ship Outside The USA.

ZoomText Magnifier with Screen Reader (Complete)
Integrates all of the magnification features of ZoomText Magnifier with a fully synchronized screen reading program. On command, it will read characters, words or full lines of text as well as speaking all essential Windows components. Works with any Windows sound card. We Cannot Ship Outside The USA.

#185472 White on Black $19.95
Keys-U-See Keyboard

Keys-U-See Keyboard has been designed specifically for those with conditions that cause visual impairment or low vision, such as macular degeneration, glaucoma, diabetic retinopathy, and cataracts. These large print, big key keyboards are perfect for anyone who has a hard time seeing the existing commands on their keyboards. With a bigger and bolder typeface, the keys are easier to see. Additional keys (hot keys) have been added to the keyboard to allow for easier access to commonly used commands, such as searching and accessing e-mail and the Internet and energy saving commands: wake and sleep, when you need to leave your computer on, but won’t be using it. These big, bold keys will have you using the computer, with more accurate keystrokes for a more enjoyable time.

White Typeface on Black Keys #200657 $37.95
Black Typeface on Ivory Keys #809548 $37.95
Black Typeface on Bright Yellow Keys #809529 $37.95

Keys-U-See Wireless Keyboard with Multi-media Hot Keys

This standard size keyboard and optical mouse offers you all the features of the Keys-U-See Keyboard above, plus the convenience of being wireless! The computer keyboard can operate up to 5 feet away from the receiver. Letters are 430% larger than the letters on a standard keyboard. Yellow Keys with black letters/numbers makes it even easier to see what keys you are typing. IBM PC compatible. Keyboard is 104 key model and works with Windows 7, Vista, XP, 2000, ME and 98.

#809524 $59.95

ZoomText Large Print Keyboard

For anyone who struggles to see the lettering on their keyboard, the new ZoomText keyboard makes typing faster and easier than ever before. Each key and button label is easy to see, even in low light, thanks to its 36 point type on the keys. The ZoomText keyboard also provides quick access to ZoomText software features. Sixteen dedicated buttons allow you to instantly start ZoomText, change magnification levels, toggle screen enhancements, launch AppReader and DocReader, and more, all without having to memorize hotkeys. You can even reassign each feature key to your choice of ZoomText commands, Internet and multimedia commands, or to open an application, document or web page.

Black Typeface on Bright Yellow Keys #805708 $99.00
White Typeface on Black Keys #805719 $99.00

The RAVE Text to Speech Reading Machine

Mini stand-alone camera and auto focus fixed/distance rolled into one! By combining our OCR (Optical Character Recognition) software, with a mini stand-alone camera, Guerilla Technologies has created the RAVE, a value packed text-to-speech reading/low vision product. Some of the RAVE's unique features/specifications are as follows: - Weight 1.5-lbs (camera AND stand combined) - Stand alone mini camera that provides the industries highest definition. - Stand for camera w/document guide. - Reading and/or Low Vision. - Magnification. - Auto Focus. - Lightening fast capture and conversion to speech. - Fixed/Distance capture/viewing - Ability to capture 2-pages of document/book at same time. - Ability to capture/view/read legal size document (11” x 17”). - Light weight carry case. - Windows compatible. - English/Spanish ready.

#526301  $2,395.00

Eye Snap Reader

The EyeSnap Reader is a complete reading system that captures an image of printed text using the included camera, then reads it back to you. A few of the system’s unique features and functionalities are: Simplicity in a small package. Quick as a snap recognition and reading. Captures and reads 2 pages at a time of a hard cover or paperback book. Zero learning curve. Outstanding sound quality. Industry’s highest megapixel camera assuring superior accuracy. Includes reading unit, camera and oversized easy-to-use remote control.

#611315  $2,495.00

EyeScan Reader

#611671  $1,995.00
ClearReader+

The joys of reading anytime and anywhere with the Optelec ClearReader+, combining fast text recognition, a choice of high quality natural sounding voices and has an attractive portable design. Access to printed documents such as magazines, newspapers, books or a letter from a friend has never been so easy. Portable and battery powered, the Optelec ClearReader+ assistive technology device can be used in the home, at school or work, making it ideal for reading a recipe in the kitchen, reading a book at home, or reviewing bills.

To operate, simply power on the unit, release the camera arm and place the reading material under the high-resolution camera. Press the scan button to take a snap shot of the text, and in seconds the Optelec ClearReader+ will read the desired text in high quality speech. Additionally, the Optelec ClearReader+ is easily customized to read text at different speeds, in up to twelve different languages and twenty-three different voices. The ClearReader+ uses a five megapixel camera for great accuracy. Supports a choice between male and female along with different dialects and regional accents. Continuous use battery life of five hours. Also comes with built-in stereo speakers and headphone jack. Dimensions are 9.1x9.4x3.9 inches. #100710 $2495.00

i.d. mate Summit

i.d. mate Summit is a portable "all-in-one" talking bar code scanner that aids visually or print impaired individuals with the identification of items via the product's bar code or UPC. Using text-to-speech and digital voice recording technologies, it allows users to access an on-board database of product descriptions, along with a tailored set of recorded voice messages. With i.d. mate Summit, the user can quickly add additional voice recorded information to existing products or to items not found in the database. Additional bar code labels are available to label any product or item that does not already have a bar code. Adhesive, tag, and clothing labels can be placed on nearly anything. Simply scan the bar code and add a voice recording. Features: i.d. mate Summit digital voice recorder; hand-held omni-directional Bar Code Scanner; Carrying Case with shoulder and waist straps; Li-Poly batteries; power adapter; 100 Pre-printed Bar Code Labels (used for items that don’t have an existing barcode); first database update free; and 2 GB Card. ONE YEAR Manufacturer’s Warranty. #200643 $1295.00
